EXPERIENCE

Hard Wood Floor Installer

06/2015 - Present

Yale Hardwood Flooring - Cincinnatus , NY

- Learn and follow safety regulations.
- Cover surfaces with dropcloths or masking tape and paper to protect surfaces during staining and floor prep.
- Fill cracks, holes, or joints with caulk, putty, plaster, or other fillers, using caulking guns or putty knives.
- Apply primers or sealers to prepare new surfaces, such as bare wood or metal, for finish coats.
- Measure and mark cutting lines on materials, using a ruler, pencil, chalk, and marking gauge.
- Load, unload, or identify building materials, machinery, or tools, distributing them to the appropriate locations, according to project plans or specifications.
- Measure, mark, or record openings or distances to layout areas where construction work will be performed.
- Mix ingredients to create compounds for covering or cleaning surfaces.

- Provide assistance to craft workers, such as carpenters, plasterers, or masons.
- Lubricate, clean, or repair machinery, equipment, or tools.
- Grind, scrape, sand, or polish surfaces such as wood flooring, using abrasive tools or machines
- Mop, brush, or spread paints, cleaning solutions, or other compounds over surfaces to clean them or to provide protection.
- Perform site activities required of green certified construction practices, such as implementing waste management procedures, identifying materials for reuse, or installing erosion or sedimentation control mechanisms.
