## Work Experience

---

### **Mill Operator**

McDowell and Walker Inc.-Afton, NY  
March 2024 to Present

Currently working at the mill in Afton, running the mixer to make livestock feed for the surrounding area. Started in the warehouse in Sidney just organizing and loading customers, and shortly after starting was asked to come run the mill in Afton.

The job consists of reading the mix cards and weighing out the ingredients to be made into feed, weather it's making them into pellets with the pellet mill or just putting them in the correct bins to be loaded on the trucks going to the farms. I'm also in charge of doing the inventory of the ingredients twice a week, among other small maintenance jobs here and there when things break.
