

Payton Palmatier

607-386-9500

136 East Street Walton NY 13856

Walton , New York 13856

Skills

I have many hands-on experiences with machines, cars, heavy equipment and very good communication skills with people from working at Grandma ds and Citadel contractors. I also have my OSHA card due to extensive training at my previous jobs. I am looking for a long-term job with hands-on and physical labor , where I can grow and learn from my fellow employees.

Work experience

Citadel Contractors, Apex, North Carolina - Construction laborer/operator

June 2020- January 2021

January 2022-January 2023

- Worked with basic heavy equipment like Forklift, man lift, Sky lift and skid steer excavator while following safety rules
- Pour concrete floors and built panels which are the walls of the buildings out of 2x10 pieces of wood made into a shape of panel's and filled with different sizes of rebar and poured concrete into them.
- Built 3-4 story buildings, warehouses, malls and schools or academies

Grandma Ds, Walton, New York - Food delivery driver

February 2017 - June 2020

- Responsibility of handling money and running a cash register
- Making sure customers got the food on time and with it being still hot

- Communication with customers and other employees

Shop tech Auto, Walton, New york - Car repairs

December 2016 - June 2020

- Brake repairs, wheel assembly repairs, motor and transmission repairs and exhaust repairs
- Using multiple engine scan tools like code readers and monitors
- Being safe for myself and customers while making sure there vehicles are done correctly and safely

Education

Walton Central School, Walton New York - High school diploma

2006-2020

Received a High school diploma from Oneal High school with honor roll multiple times over my school career and I was known for always working hard for every grade and test I ever got and took.

DCMO Boces Harold Campus, Sidney center, New york

I received a diploma from auto collision and body at DCMO boces which I took in my junior and senior years 2018-2020. I succeeded in two OSHS exams including safety and car body panels wiring included.
